Dear Tim + Folks - I leave tomorrow for NY by  
Plane. I promised Robert Frank I would  
work with him on Kiddish movie, + found myself  
I locked + unable to concentrate on so long a project -  
Script - and quit for the month with promise to try  
again in NY as soon as I arrive + give him my  
complete attention + no other projects - on that score  
so he's gone ahead + I can't let him down. I don't think  
I'd really be much help on a first play but after  
February I'd be glad to come up + act as a wild-  
idea + phrase man) but continuous play beyond my <sup>experience</sup> ~~how~~ seen
